

AXEL®

RED BLEND

LIMARI VALLEY

Rhône inspired blend with a dash of Bordeaux.

Our Red Blend begins with Syrah for an intense base, body, and color.

For added structure, we have added Cabernet Sauvignon to enhance the mid-palate, finishing off with a bit Petit Verdot for a persistent silky-soft finish.

The majority of the blend is grown in Limari Valley, a cool climate region bordering the Atacama Desert (the driest place in the world), Pacific Ocean, and Andes Mountains. Axel is founded on the belief that through exploration come great wines.

Axel. Always Explore.
